

# NICK SHONTZ

WEB DEVELOPER • TEAM LEADER

## WORK EXPERIENCE

Present  
2015

**CO-FOUNDER/SOFTWARE ARCHITECT**  
GeoFli

▼ Missoula, MT

*Developed SaaS application including geospatial content targeting engine, user management, front end design and extensive security hardening. Application developed and written in PHP with Laravel with PostgreSQL back end served by NGINX and hosted on AWS.*

Present  
2007

**WEB MANAGER**  
University of Montana

▼ Missoula, MT

*I lead a team of four full time employees and a group of student employees. We create and maintain the University of Montana website and develop applications to exceed campus marketing, accessibility and information goals. This involves goal setting, budgeting and strategic planning and development in Velocity, PHP and JavaScript.*

2011 - 2012

**SENIOR DEVELOPER**  
University of Montana

*Specialized in MySQL, PHP, Laravel, Codeigniter, LESS CSS, Bootstrap & jQuery also developed and supported C# .NET applications. Set up and administered LAMP servers and participated in several major server migrations including the primary web servers at the University of Montana. I also assisted in training and supervision of student employees.*

## PROJECTS

▼ Missoula, MT

2015 - 2016

**OPEN SPACE FACILITATION**  
University of Montana

▼ Missoula, MT

*Facilitated several Open Space Events of around 120 people and co-chaired event planning group.*

2007 - 2009

**INTERACTIVE CAMPUS MAP**  
University of Montana

▼ Missoula, MT

*Web GIS project that uses shape data. Created using open source tools: PostgreSQL + PostGIS, Tilemill, Mapbox.js and Laravel. Includes interactive features including toggleable layers.*

## WHY ME?

Over the last ten years I've worked on a variety of platforms, languages, databases and frameworks and I've spent most of those years working within the LAMP stack. I am interested in continuing to improve my skills and learn new ones right here in Missoula.
